Sorry, I've been in a meeting since 1pm, so missed this request.

Alice,

An attorney for Marcal Paper is reviewing files in the Records Center. He has seen the Conceptual Site Model and Empirical Mass Balance Model and asked if we had any "back up" -- not sure exactly what he means but I would like to offer him the opportunity to look at a hard copy of the FFS. He'll be here for a while I think. Could you let me know if you have a hard copy to let him look at?
